We, the Seniors of '57, wish to dedicate this annual to our sponsor, Miss Goree. Without her loyal devotion and untiring efforts this book of memories would not be what we wanted it to be.

## *Foreword*

We, the Seniors of '57, wish to present this annual; hoping that it will remain as a memory of our school days in Forestburg High.

## *Superintendent's Message*

To the Seniors of 57

As we close another school year and this "Yearbook," a product of your minds and hands, shall be added to our collection of treasured books, many happy thoughts of the past will run across our minds as we think of you and the contribution you have made to the school and our own happiness.

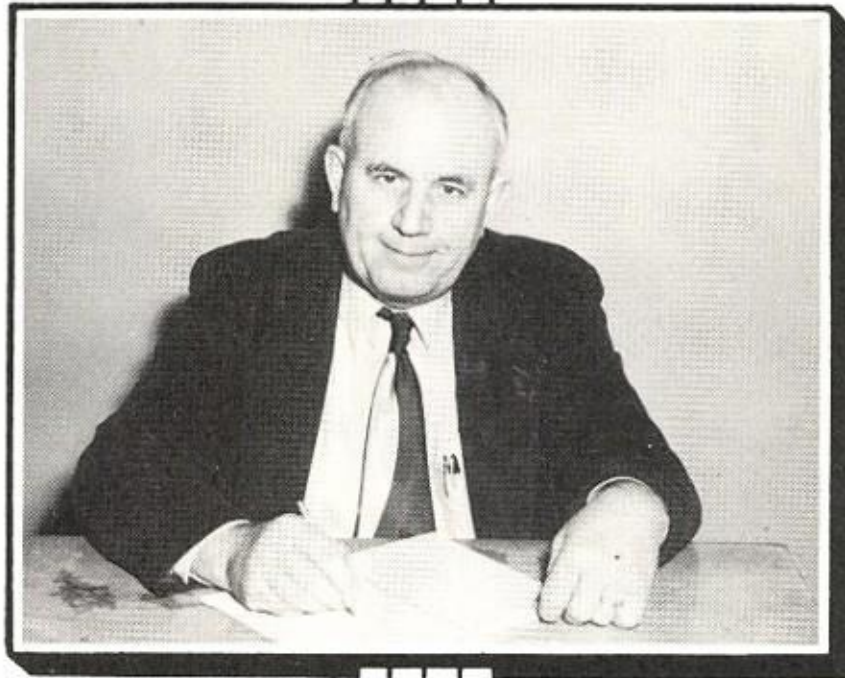

I count it a privilege and a joy to have known and had the privilege of working with each of you. You have been an inspiration to me, and you have brought unity and a deep respect for the right and the good. You have laid down an example and a challenge for others to follow. I am sure they will meet your challenge.

As you go from the "Old School" you love so well, may success and happiness be the reward of your efforts. May God bless you and keep you and you and I do mean YOU.

A handwritten signature in dark ink, which appears to read "D. E. White". The signature is written in a cursive, flowing style.

D. E. White, Superintendent

## *Principal's Message*

My comments concern fewer hasty and unkind words and more regular worthwhile habits.

Often unthoughtful words are followed by hasty and regrettable acts. We should form the habit of thinking, and thinking again, before we speak in haste; we usually repent afterwards, in our leisure, but we can't always make complete amends.

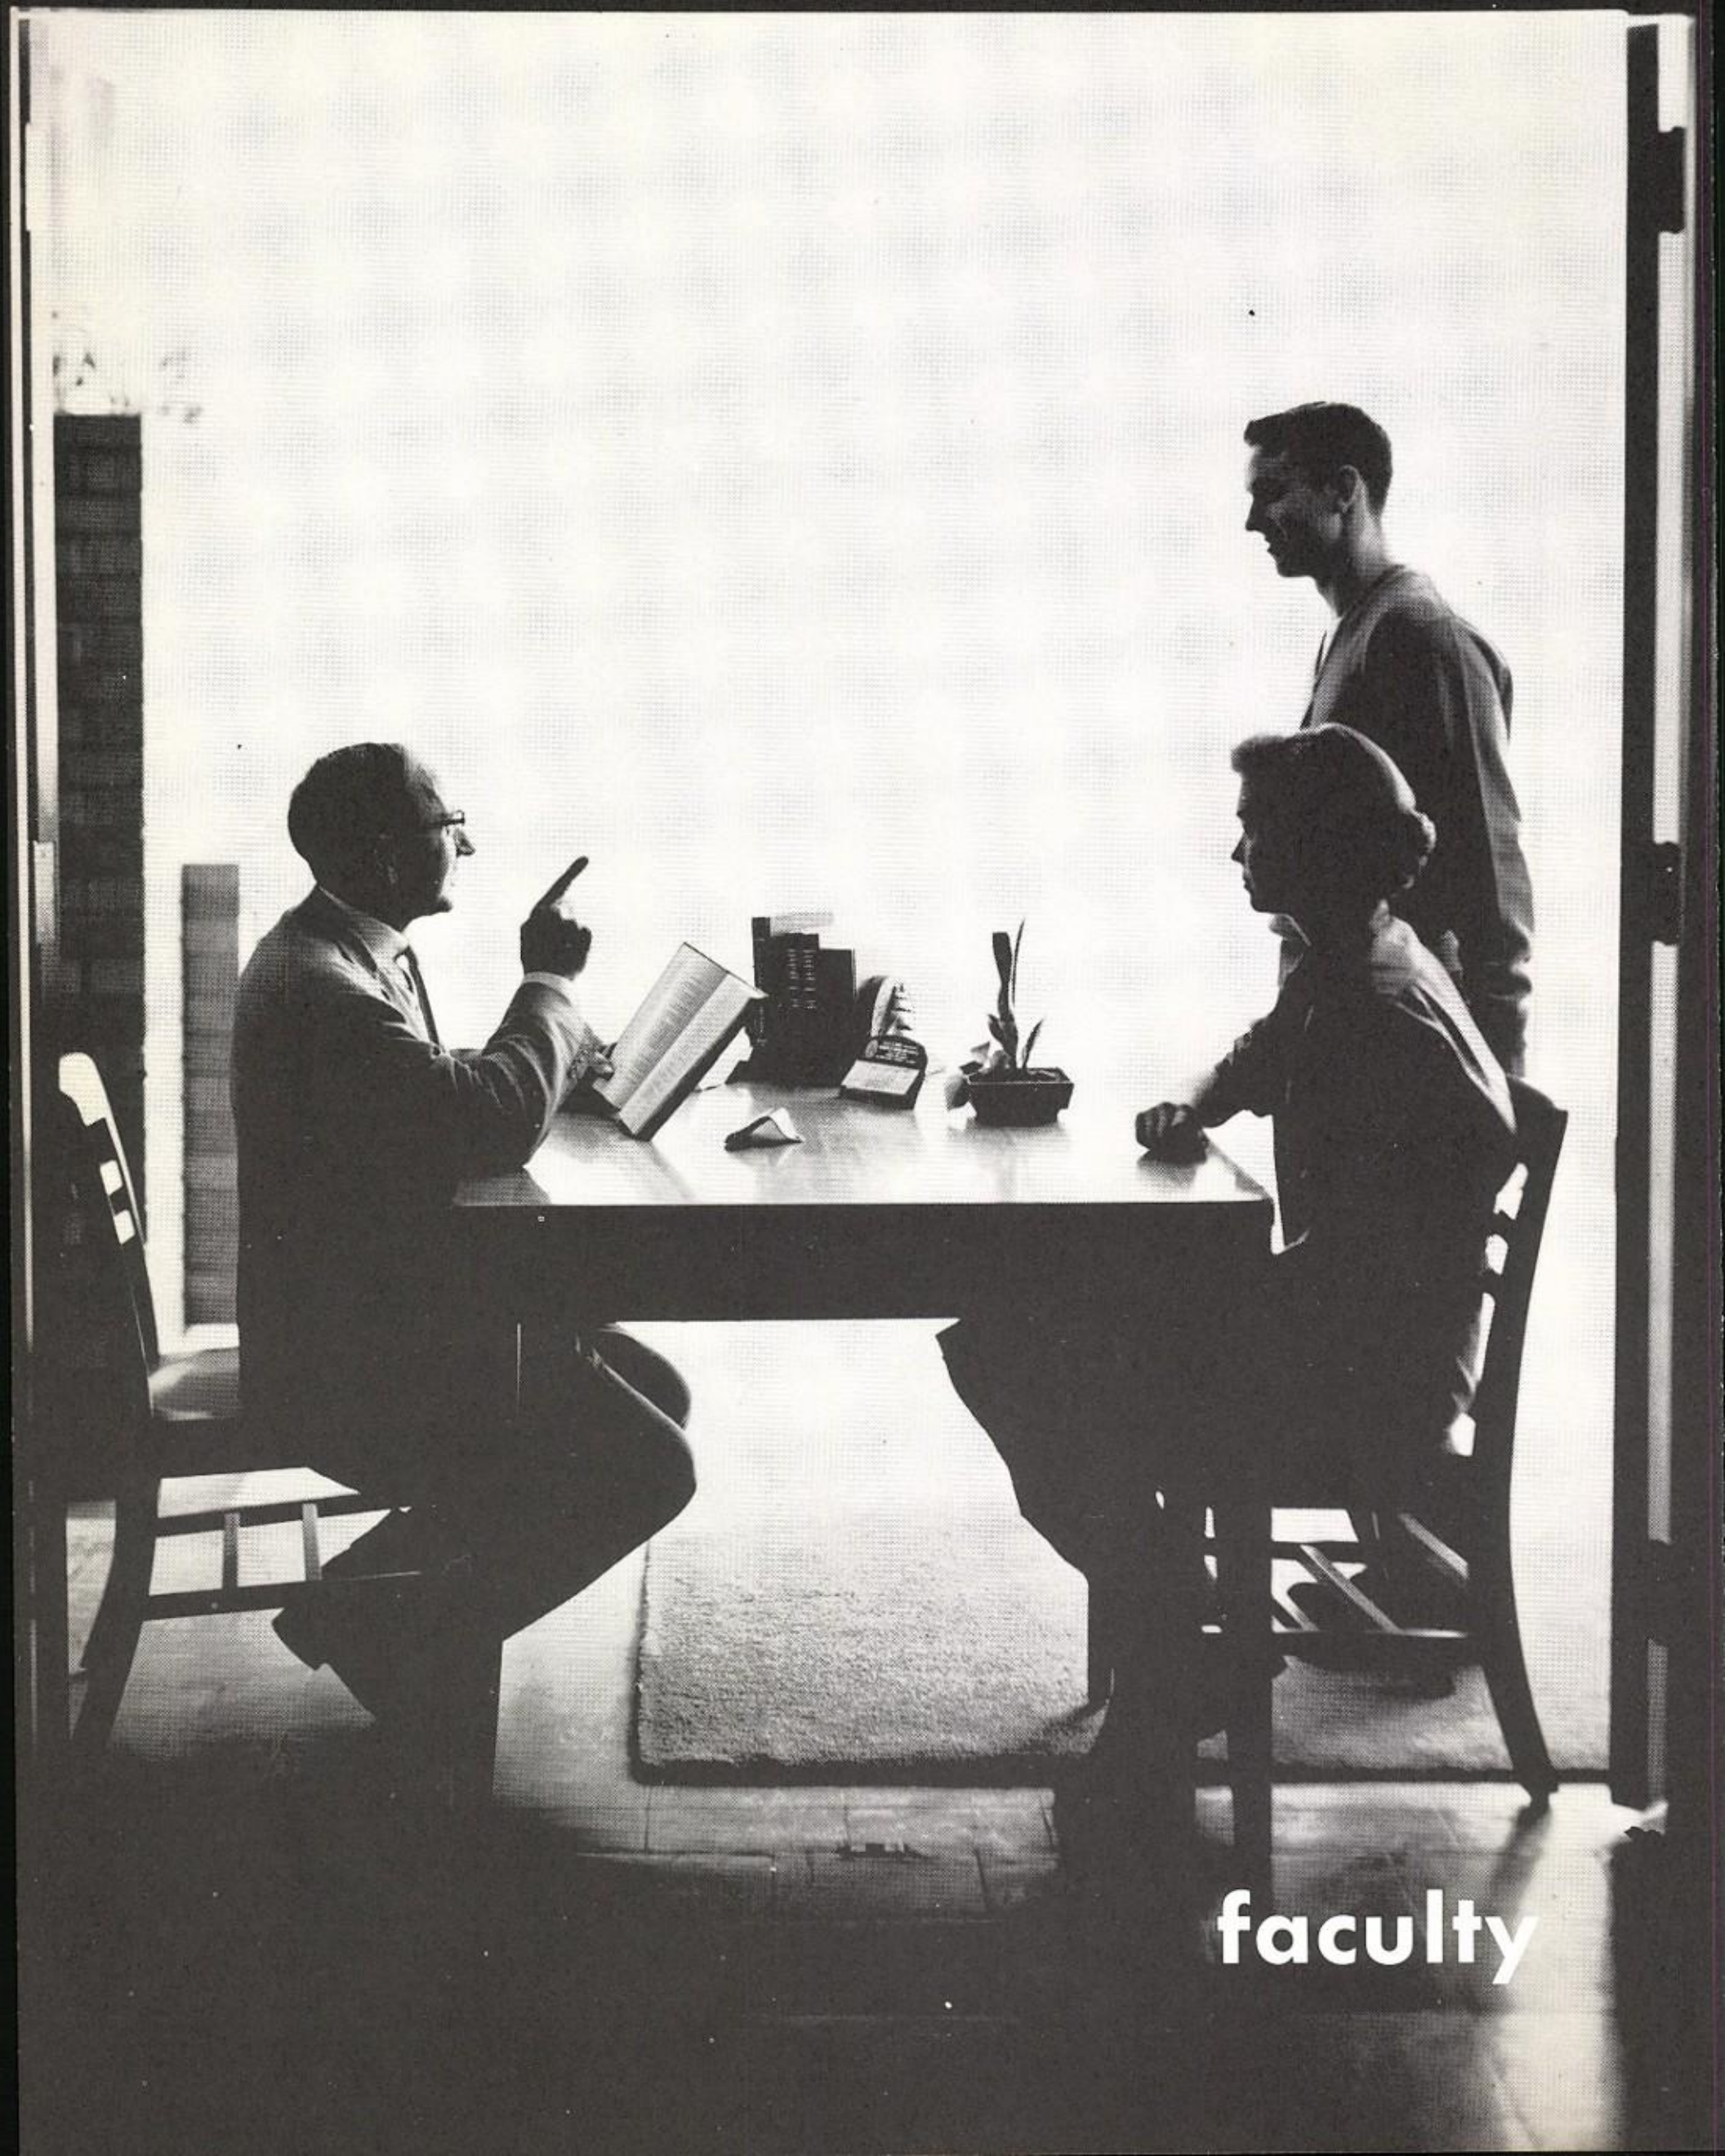

Irregular habits cause many quick words and acts, often followed by trouble in home and school, on the job, sometimes the loss of a job, and some ill feeling wherever we may be. We need to feel a responsibility and need to be regular in eating, sleeping, working, and in all pleasures. If we use care about words or acts, and practice regular and wholesome daily habits, we will enrich our own happiness, be more successful, and greatly enrich the happiness of those about us.

Sincerely,

*Weldon B. Sills*
